

# School Accountability Report Card Reported Using Data from the 2020–2021 School Year

California Department of Education

## For *Oak Hill School*

**Address:** 300 Sunny Hills Drive #6 San Anselmo CA 94960 **Phone:** 415-457-7601

**Executive Director:** Deirdre Sheerin

**Grade Span:** Ungraded age 6-22

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

**Throughout this document the letters DPL refer to data provided by the LEA, and the letters DPC refers to data provided by the CDE.**

## **A. Conditions of Learning**

### **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

**Table 6: Teacher Preparation and Placement (School Year 2020–2021)**

Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA)	0					
Unknown	0					
<b>Total Teaching Positions</b>	<b>7</b>	<b>100</b>				

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
  2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
  3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **SARC Reporting in the 2020–2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
  - Available to students in grades 3 through 8, and grade 11; and
  - Uniformly administered across a grade, grade span, school, or district to all eligible students.
- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
    - Smarter Balanced ELA and mathematics summative assessments;

- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**Table 14: CAASPP Test Results in ELA and Mathematics for All Students

administered assessment

<b>Mathematics (grades 3-8 and 11)</b>	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to other year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to other school years.

Table 32: School Safety Plan (School Year 2021–2022)

[Narrative provided by the LEA]

*This plan is updated annually and regularly reviewed with staff. The top priority of all activity at Oak Hill should be the safety of all participants: students, staff, and the community. The following procedures and protocols are in place to ensure the safety of all involved.*

*1. Prevention a. It is the responsibility of all Oak Hill staff to seek out and identify potential risks to the environment and either address them or bring them to the attention of the administration. 2. In case of a fire or fire drill: a. Please examine the evacuation route of any classroom you work in. In the event of a fire or fire drill, all students and staff must line up on the field beyond the MAC parking lot. 3. First Aid a. First aid kits are located in the middle room of Building 6. Report all injuries using an Incident Report Form. See below for information about Incident Report Forms. b. Any injury to a staff member should be reported immediately to the director of administration. 4. Blood borne pathogens and universal precautions a. A blood borne pathogen is a microorganism present in human blood and other bodily fluids (e.g. urine, vomit, etc.) that can cause disease. b. Universal precautions mean that we treat all blood or bodily fluids as if it contains blood borne pathogens. c. Personal Protective Equipment (e.g. gloves, etc.) must be used when contact with bodily fluids may happen. d. After contact with bodily fluids, handwashing is necessary. If accidental exposure happens, inform administration to see that necessary steps are taken to clean contaminated areas. 5. Supervision Protocol General Guidelines It is the responsibility of the classroom teacher to ensure that all students are supervised at all times.*

*Adequate supervision requires that all students are within the line of sight of an Oak Hill staff member at all times; the staff member must be aware that he or she is responsible for supervising students. The following times are of special significance:*

- Any time a student is in a classroom, therapy room, or the multi-purpose room, a staff member must be in that room with them or in an adjacent room with the door open.*
- Transfer of student supervision, i.e. “hand-offs” (e.g. from classroom to therapy, when one staff member leaves for break, etc.) must be acknowledged explicitly.*
- Students who require down time, alone time, or time away from staff must be within the line of sight of an Oak Hill staff member, albeit from a distance.*
- When a student is on the trampoline, it is necessary to have a staff member at the trampoline.*

*Special Considerations for “Flight Risks” The nature of the Oak Hill student population is such that there are / will be students who pose a “flight risk”; that is, a student’s behavioral profile may include eloping, fleeing, or running away. In each of these cases, this behavior must be identified in his/her Behavior Support Plan with additional protocol unique to this student.*

*Administrative support is necessary for any attempt to flee campus. Staff members should not follow students off campus alone.*

***An Incident Report should be filed anytime a student is off campus without permission.***

***Protocol for Traveling Off Campus It is the responsibility of the classroom teacher to ensure that all students are supervised at all times. When traveling off campus:***

***• At least one cell phone must accompany the group; the cell phone must have all relevant phone numbers on it, including Oak Hill front desk and administration. • When traveling in a group, students should be counted regularly. • One staff member should be designated as leader and another as “sweep”; that is, one should be first and one should be last. • When entering a bus or van, a staff member should be first on and last off.***

***Street Safety Special considerations for walking on streets and sidewalks is critical:***

***• When crossing the street with a group, a staff member should be first to enter the street and last to leave it. One staff member may stand in the middle to serve as a crossing guard. • Younger students should hold hands to cross streets. • Special considerations should be taken on Sunny Hills Drive, which is often lightly trafficked. • Treat each street crossing as a “teachable moment”; ensure that students understand safety procedures.***

## Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
